

Compliance action taken for childcare provision

Ref: EY461031/4530046

Date: 7 July 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find

that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24th June 2020, the provider notified us of a significant incident relating to a safeguarding concern. This meant that they met their legal duty to inform Ofsted of a significant event within the prescribed timescales. However, the information received raised concerns that the provider was not meeting the requirements in relation to safeguarding procedures and practice. We made a regulatory telephone call on 2nd July 2020. We found that

the provider had recognised the weakness in their practice and taken appropriate steps to address the

breaches of requirement identified. We therefore took no further action. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
