

Compliance action taken for childcare provision

Ref: EY541309/4532634

Date: 3 July 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 2 July 2020, we received concerns that this provider was not meeting some of these requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed:

implement an effective risk assessment, particularly on outings and adhering to current Government guidance, by 17 July 2020

ensure that supervision and deployment are always effective, by 17 July 2020

maintain and share accident or injury records promptly with parents, by 17 July 2020

ensure any occasion whereby physical intervention is used it is recorded and shared with parents/carers, 17 July 2020

take action to obtain and keep integral information from parents when children first start, and share information with other professionals working with the children, by 17 July 2020

On 20 July 2020, we carried out a regulatory telephone call to the provider to monitor the Welfare Requirements Notice. We found that the Welfare Requirements Notice had been met appropriately.

The provider remains registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
