

Compliance action taken for childcare provision

Ref: EY466476/4462986

Date: 22 July 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, (EYFS) which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 February 2020, we received concerns that this provider was not meeting some of these requirements. We carried out an unannounced visit on 22 July 2020. Following this visit we issued a Welfare Requirements Notice (WRN) to the provider. The WRN requires the provider to take the action required by the dates set out in the welfare requirements notice.

Actions required:

complete effective risk assessments to identify aspects of the environment that need to be checked on a regular basis, and any hazards removed or minimised by 5 August 2020.

ensure that the premises are fit for purpose and suitable for the age of children cared for and the activities provided on the premises by 5 August 2020.

The provider has taken appropriate measures to address the actions.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
