

Compliance action taken for childcare provision

Ref: EY339752/4544851

Date: 31 July 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 July 2020, we received concerns that the provider may not be meeting some of these requirements. We carried out a visit on 28 July 2020. We have issued a Welfare requirements notice. This requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed:

improve hygiene practice to ensure children's good health is fully promoted during nappy changes by 13 August 2020.

During a monitoring visit on 14 August the inspector reviewed documentation, she conducted a tour of the setting and spoke to the provider. She concluded that at this time, the provider has taken sufficient action.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-
