

Complaint about childcare provision

Ref: 139547/4531740

Date: 20 August 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 30 June 2020, we received concerns that this provider was not meeting some of these requirements. The provider also notified us of some related significant events. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises to look after children.

On 9 July 2020, we carried out an unannounced visit to the provider to assess whether the provider was meeting the requirements.

Following our visit, we issued the provider with a Notice to Improve. This is a notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed:

- ensure up to date paediatric first aid training is maintained at all times (by 19 September 2020)
- ensure records of children's information contains sufficient details to support their care, safety and welfare effectively (by 28 August 2020).

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our

investigation.
