

Compliance action taken for childcare provision

Ref: 2574634/4550437

Date: 24 August 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 July 2020 we received information that raised concerns that the provider was not meeting some of the requirements. On 4 August 2020, the provider notified us of the concerns. This notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements: to notify Ofsted of any serious accident, illness or injury to a child while in their care and the action taken. On 14 August 2020, we contacted the provider by telephone and discussed the information shared and the action taken. We are satisfied that the provider has taken appropriate action to minimise risks to children. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
