

## **Compliance action taken for childcare provision**

Ref: EY466524/4518212

Date: 27 August 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 3 June 2020, we received information that this provider may not have been meeting some of these requirements.

We found that the provider had not always worked in line with the guidance of other agencies, in respect of her safeguarding understanding and practice. However, the provider had reflected appropriately on this matter. She demonstrated a suitable understanding of safeguarding procedures and how she would work effectively with other agencies in the future.

We also found that the provider had failed to notify Ofsted of a significant event that was likely to affect their suitability to look after children. We decided not to take any action on this occasion as the provider confirmed their understanding of the requirements regarding notification in the future. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
