

## **Compliance action taken for childcare provision**

Ref: EY392456/4556153

Date: 4 September 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 13 August 2020, we received a notification from the registered provider. On 27 August 2020, we conducted an announced visit and identified a breach in requirement. The provider failed to meet their legal responsibility as set out in the early years foundation stage requirements to notify Ofsted of a significant event within 14 days as required. However, the provider did act appropriately to safeguard children. On this occasion we took no further action. The provider will be able to give parents further information about this. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
