

Compliance action taken for childcare provision

Ref: EY309180/4505521

Date: 9 September 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 May 2020, we received concerns that this childminder was not meeting some of these requirements. We contacted the childminder and found that she was not meeting all of the requirements. We served a notice of action to improve that requires the childminder to take the action below within the timescale set out. The childminder responded to this notice confirming the action she had taken to comply with the requirements. We were satisfied with the childminders response. The childminder will be able to give parents further information about this. The childminder is still registered with Ofsted.

Action needed:

Update knowledge and understanding of safeguarding matters, with particular regard to the Prevent Duty guidance, so that signs which could indicate a child is at risk of being exposed to extreme views or behaviour can be identified at the earliest possible stage by 14 July 2020.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
