

Compliance action taken for childcare provision

Ref: EY418648/4558838

Date: 25 August 2020

Summary of outcome

'All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 18 August we received concerns that this provider was not meeting all of these requirements. On the 20 August we visited the provider and have issued a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.'

3.64 take all reasonable steps to ensure that children are not exposed to risks with particular regard to the pond in the garden by 7 September 2020.

We monitored the Welfare Requirements Notice on 8 September and found that the provider has taken steps to ensure that the pond is now safe and secure.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
