

## **Compliance action taken for childcare provision**

Ref: EY547383/4545411

Date: 18 September 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 13 November 2019, we carried out an inspection and found the provider was not meeting one of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the action the provider was asked to take to meet the requirements.

On 11 September 2020, while routine inspections were suspended, we carried out an interim telephone call. The focus of the telephone call was to check whether the provider had met the safeguarding and welfare action, raised at their last inspection.

We found that the provider has now taken all necessary steps to ensure that there is always a member of staff who holds a paediatric first aid qualification on the premises at all times. The provider makes sure that staff keep their paediatric first aid qualifications up to date. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
