

Compliance action taken for childcare provision

Ref: EY553981/4563307

Date: 21 September 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 August 2020 we received information that raised concerns that this provider was not meeting some of these requirements. We telephoned the provider unannounced on 11 September 2020 to discuss the concerns.

We found the provider had failed to notify Ofsted of changes to the opening hours of the setting and of changes to the address and the contact details for the setting, which are requirements of their registration.

On this occasion we took no further action because we believe the provider will notify Ofsted of any future changes. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
