

## **Compliance action taken for childcare provision**

Ref: EY257399/4439525

Date: 22 September 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 January 2020, we received information which raised concerns that the provider was not meeting some of these requirements. We looked into this information and found that the provider was not meeting all of the requirements. We served a welfare requirements notice that asked the provider to take the action below within the timescale set out.

Ensure that staff: child ratios are met at all times, and that staffing arrangements meet the needs of the children attending by 29 February 2020.

Maintain an accurate daily record of the children being cared for on the premises, their hours of attendance, and the staff caring for them.

We conducted a monitoring visit to check that the provider was compliant with the welfare requirements notice, and found that one of the actions was still not met. We therefore served a further welfare requirements notice that asked the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

maintain an accurate daily record of the children being cared for on the premises, their hours of attendance, and the staff caring for them by 21 August 2020

We undertook a further unannounced monitoring visit and found that the provider was meeting the requirements. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
