

Compliance action taken for childcare provision

Ref: EY540675/4506574

Date: 13 August 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 11 August 2020 we completed an unannounced regulatory visit. Following the visit we sent the provider a notice of action to improve (NTI) that asked the provider to;

Actions needed by 25 August 2020;

ensure that child protection policies are up to date and in line with Local Safeguarding Children Partnership (LSCP) procedures and include accurate information about the action to take in the event of an allegation being made against an adult or child

ensure all staff have an understanding of 'Working Together to Safeguard Children 2018'.

The provider will be able to give parents further information about this.

We are satisfied with the action taken by the provider to meet the NTI. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
