

Compliance action taken for childcare provision

Ref: EY271409/4564926

Date: 28 September 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 August 2020, the provider notified us about a child sustaining an injury. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any serious injury sustained by a child on the same day, or as soon as reasonably practicable after. In addition on 24 August 2020, we received concerns regarding this incident.

On 18 September 2020, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements and had taken action to put this right. The provider has taken action to ensure parents and/or carers are informed of any accident or injury sustained by the child on the same day as, or as soon as reasonably practicable after, and of any first aid treatment given. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
