

## **Compliance action taken for childcare provision**

Ref: EY547503/4545999

Date: 30 September 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic. All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 December 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 29 September 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider had ensured that staffing levels meet the requirements relating to staff qualifications and that the deputy is capable of taking charge in her absence. The provider has ensured that all staff have attended food hygiene courses and they have enhanced health and hygiene procedures. We also found that the provider has improved staff supervision, coaching and support and has developed the key-person system effectively. The provider had all required documentation available for inspection and staff have a thorough understanding of all safeguarding matters. Furthermore, we found that provider has developed staff's skills in managing children's behaviour effectively and has ensured staff are prompt in seeking support from external agencies for those children who require additional help. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
