

Compliance action taken for childcare provision

Ref: 509660/4574571

Date: 30 September 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 September 2020, the provider notified us about an event that is likely to affect the suitability of an individual. Also, on 22 September, the provider notified us about an incident where children had not been adequately supervised. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 23 September 2020, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 2 October 2020:

- ensure safeguarding procedures in relation to the use of mobile phones are fully implemented by all staff
- ensure children are adequately supervised at all times.

The provider informed us that they have improved their safeguarding procedures in relation to all staff's use of mobile phones, and have taken steps to ensure that children are adequately supervised at all times. We are satisfied the provider has met the safeguarding

and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
