

Compliance action taken for childcare provision

Ref: EY470415/4548808

Date: 7 October 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic. On 20 January 2020, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was asked to take to meet the requirements. On 6 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection. We found that the provider had improved their systems to support staff and develop their skills and training needs. A key-person system has been effectively implemented to work closely with parents and promote children's well-being. In addition, staff have received training on how to manage children's challenging behaviour and strategies have been implemented effectively. Staff have also received training on the setting's safeguarding procedures and wider safeguarding issues to protect children. Staff understand who to report their concerns to should they have any concerns about children in their care. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
