

Compliance action taken for childcare provision

Ref: EY454505/4545441

Date: 9 October 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 November 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 2 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider had organised a range of relevant training events to improve staff's understanding of the setting's safeguarding policies and procedures and to develop secure knowledge of the 'Prevent' duty guidance. Staff were found to have up-to-date knowledge of safeguarding issues and procedures. There are appropriate supervision arrangements in place for all staff, which supports their ongoing professional development. An effective induction process has been further developed so that newly recruited staff will understand their roles and responsibilities. Re-induction has been completed for all staff returning to work from a period of being furloughed during the COVID-19 (coronavirus) pandemic.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
