

Compliance action taken for childcare provision

Ref: EY332024/4558693

Date: 9 October 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 October 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 6 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action, raised at their last inspection.

We found that the provider had improved the knowledge and understanding of staff with key positions so that they fully understand their roles and responsibilities. Staff and leaders have completed a great deal of training and have had opportunities to review and evaluate their practice as a team.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
