

## **Compliance action taken for childcare provision**

Ref: EY395931/4546572

Date: 13 October 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

On 26 November 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 6 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the staff have reviewed all the resources available to ensure that children have a good range to choose from taking into account the Covid restrictions at this time.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
