

## **Compliance action taken for childcare provision**

Ref: 221894/4558685

Date: 15 October 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 October 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the action the provider was asked to take to meet the requirements.

On 9 September 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action raised at their last inspection.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider now demonstrates that there is always at least one person on site when children are present who has a valid paediatric first aid qualification.

Additionally, during the visit, we found a new area of concern. This means that the provider was not meeting other requirements as set out in the Statutory framework for the early years foundation stage.

In relation to the new area of concern, we have issued an action for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 21 October 2020:

- provide Ofsted with necessary information so that suitability checks can be completed for all those who make up the governing body.

We are satisfied that the provider has now met this action. The provider has provided the necessary information regarding the governing body and have improved their system for monitoring this process.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
