

## **Compliance action taken for childcare provision**

Ref: EY304491/4553833

Date: 21 October 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulatory early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 February 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The quality and standards of the provision was judged to be 'not met with actions'. The inspection report sets out the action the provider was asked to take to meet the requirements.

On 15 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action raised at their last inspection.

We found that the provider had taken appropriate steps to address the action by introducing regular planned supervision meetings with staff. Training records are now regularly discussed and any mandatory training due for renewal is identified, such as paediatric first aid. Staff share their interest in attending specific training and courses are identified for them to attend. This helps to improve staffs professional development and ultimately the care that is provided for children.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
