

## **Compliance action taken for childcare provision**

Ref: EY463838/4548732

Date: 26 October 2020

### **Summary of outcome**

Early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 June 2019, we carried out an inspection and found the provider was not meeting one of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the action the provider was asked to take to meet the requirements.

On 15 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare action, raised at their last inspection. We found that the provider has implemented procedures for the safe storage of any medication brought into the setting. As a result, children are unable to access harmful substances.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
