

## **Compliance action taken for childcare provision**

Ref: EY489061/4558511

Date: 12 October 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 August 2020 we received concerns that the provider was not meeting some of these requirements.

On 07 October 2020, when the setting has re-opened, we carried out a regulatory visit. We found that the provider was not meeting some of the requirements. They had taken action to address some requirements, but we issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 30 October 2020:

#### 3.76 (Information about the provider)

maintain an accurate daily record of the names of the children being cared for on the premises, their hours of attendance and the names of each child's key person.

The provider has taken appropriate steps to address the action set. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
