

Complaint about childcare provision

Ref: EY551495/4595981

Date: 27 October 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 September 2020, we received concerns that the provider was not meeting some of these requirements.

On 6 October 2020, we carried out a regulatory telephone call and on 13 October 2020, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 4 November 2020:

- ensure the designated person for safeguarding is aware of their roles and responsibilities and that they attend appropriate training.

The provider has taken appropriate action and addressed the above action within the set timescale. The provider remains suitable for registration.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
