

## **Compliance action taken for childcare provision**

Ref: EY231736/4549898

Date: 9 November 2020

### **Summary of outcome**

Ref: 231736

Date: 02 November 2020

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic. All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On the 2nd of November 2020, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found out that the provider had improved staffing arrangements and ensures that ratios are met at all times. In addition, we found out that the provider had strengthened information sharing with parents to help ensure that children's care and learning needs are met. Moreover, we found out that the provider had improved staff supervision and training to help them understand their roles and responsibilities. The provider understands their responsibilities to share information with Ofsted.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
