

## **Compliance action taken for childcare provision**

Ref: EY305277/4609232

Date: 17 November 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2> . If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 October 2020, the provider notified us of a significant incident at the nursery. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any allegations of serious harm or abuse by any person living, working or looking after children (whether the allegations relate to harm or abuse committed on the premises or elsewhere).

On the 12 November 2020, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has strengthened the risk assessments in relation to taking children on outings and has identified the steps to minimise and manage risks and hazards so that children are kept safe. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
