

Compliance action taken for childcare provision

Ref: 402288/4548348

Date: 17 November 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 October 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 3 November 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that leadership and management have made effective changes to ensure that children are kept safe on the premises. They ensure that staff help children to learn about how to keep themselves safe. Risk assessments and staff's knowledge of health and safety legislation has been reviewed and improved. This means they ensure that the premises and outdoor spaces remain fit for purpose and suitable for the different ages of the children cared for. The staff now ensure they record information about medicines in a confidential manner. The arrangements for staff supervision have been developed to ensure that training needs are identified promptly. All staff now have a clear understanding of their roles and responsibilities. Communication with parents has been developed to ensure they are

kept well informed about how they can support their child's learning at home.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
