

## **Compliance action taken for childcare provision**

Ref: EY489097/4548400

Date: 19 November 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 June 2019 we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 10/12/15/17/18/19 August 2019 we received further concerns that this provider was not meeting some of these requirements. On 23 July 2019, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We served a welfare requirement notice.

On 12 November 2020, while routine inspections were suspended, we carried out an interim telephone call. The focus of the call was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection and subsequent regulatory visit.

We found that staff had improved their knowledge and understanding of child protection procedures and all staff had attended suitable safeguarding training. Procedures are in place to ensure all staff working with the children are aware of any allergies and dietary requirements. Effective risk assessment procedures are now in place.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
