

## **Compliance action taken for childcare provision**

Ref: EY413644/4547091

Date: 22 October 2020

### **Summary of outcome**

#### Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 May 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 15 October 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider has taken steps to improve the safe and efficient management of the setting. This is with specific reference to the setting's procedures for recording all accidents involving children and recording all medication administered to the children who attend. Records have been reviewed and revised to ensure they include the relevant information to meet the requirements. Senior staff have guided staff at all levels to ensure they are fully aware of the changes implemented in relation to recording all accidents involving children and the administration of medication to children. The provider has increased her procedures for monitoring records of accidents involving children and medication administered to children.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at [www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted](http://www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted).
