

## **Compliance action taken for childcare provision**

Ref: 224485/4558713

Date: 19 November 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 April 2019, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be requires improvement. The inspection report sets out the actions the provider was asked to take to meet the requirements.

On 27 October 2020, while routine inspections were suspended, we carried out an interim visit by telephone. The focus of the call was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

We found that the provider had completed a paediatric first aid course and had gained their approved qualification shortly after their inspection.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
