

Compliance action taken for childcare provision

Ref: EY475454/4549287

Date: 16 December 2020

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 May 2018, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was asked to take to meet the requirements. Although the provider remained registered, she took the decision to stop operating from December 2018.

On 10 December 2020, while routine inspections were suspended, we carried out an interim visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

The provider is able to explain how they intend to meet requirements once the provision is operating again. We found that the provider had improved their knowledge and understanding of requirements and has taken steps to improve the safer recruitment of staff. The provider demonstrated that they had considered staffing arrangements to meet children's needs. In addition, the provider had organised required records and information more effectively.

We are satisfied the provider has met the safeguarding and welfare actions raised. The

provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
