

## **Compliance action taken for childcare provision**

Ref: EY474529/4656121

Date: 21 December 2020

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 December 2020, we received information that raised concerns that the provider was not meeting some of the requirements.

On 16 December 2020, we carried out a regulatory telephone call with the provider. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had taken action to improve risk assessments, training and procedures for child protection and now fully understands their responsibilities. The provider continues to monitor the implementation of these improved procedures.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
