

Compliance action taken for childcare provision

Ref: EY426616/4382271

Date: 28 July 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early year's foundation stage, which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 November 2019, concerns were raised that the provider had not followed their safeguarding procedure.

After looking into the concerns, we issued a notice to improve that asked the provider to:

ensure leaders and managers are aware of the different ways a child may be abused at home or elsewhere. When concerns are identified ensure a policy and procedure to safeguard children is promptly implemented. These should be in line with guidance and procedures of the Local Safeguarding Children Board

The provider responded to the notice to improve. Safeguarding policies and procedures have been reviewed and are now in line with guidance and procedures of the Local Safeguarding Children Board. All staff have completed further safeguarding training to ensure they now clear on the procedures to follow if they have concerns about the welfare of a child in their care.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
