

Compliance action taken for childcare provision

Ref: 309646/4679467

Date: 21 January 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 December 2020, the provider notified us that an allegation had been made against a member of staff, in that they failed to follow the settings behaviour management procedure. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 11th January 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. Refresher training has been provided to ensure staff implement effective behaviour management strategies. The manager has also refreshed her own understanding of her roles and responsible to safeguard children; in particular regarding sharing information in a timely way and the steps to take when an allegation is made against a member of staff.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
