

## **Complaint about childcare provision**

Ref: EY426748/4676479

Date: 26 January 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 January 2021 we received concerns that the provider was not meeting some of the requirements. The provider had notified us of an incident linked to these concerns on 4 December 2020. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 25 January 2021, we carried out a regulatory telephone call. We found the provider was not meeting requirements relating to safeguarding, supervision of children and accidents. However, we found that the provider had taken action to put this right. The provider investigated and took appropriate action to safeguard children and ensure staff have a suitable understanding of their role and responsibilities.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of complaints**

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
