

Compliance action taken for childcare provision

Ref: EY338875/4568265

Date: 27 November 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 September, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. We carried out a regulatory telephone call and found the provider had failed to notify Ofsted within the prescribed timescale, which is a requirement of their registration. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

On 10 December 2020, the provider notified us that there had been a data breach. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. We carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken appropriate action to put this right. The provider informed the Information Commissioner's Office (ICO) and following advice, completed a self-assessment for Data Breaches. Staff have refreshed their knowledge on data protection. We are satisfied with the action taken. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
