

Compliance action taken for childcare provision

Ref: EY441927/4732893

Date: 11 March 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 March 2021, the provider notified us of an allegation that had been made regarding a child while in her care. The providers registration was suspended following the notification. On 9 March 2021 the provider notified us that they were resigning their registration with immediate effect.

The provider is no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
