

Compliance action taken for childcare provision

Ref: 256826/4704329

Date: 4 March 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

Whilst routine and assurance inspections of early years and childcare provision remain suspended, we are continuing with EY regulatory work. We are completing additional regulatory, 'consider at next inspection' work, using our regulatory powers by conducting a review and risk assessment of information that we hold about this provider.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 February 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 2 April 2021:

- ensure Ofsted is supplied with the necessary information to be able to carry out suitability checks on all committee members

We are satisfied with the provider's response to the action set.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
