

Compliance action taken for childcare provision

Ref: EY463787/4738010

Date: 24 March 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 March 2021, the provider notified us of significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

We liaised with the provider and on 11 March 2021 we carried out a regulatory visit to the setting. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had identified that their risk assessments had failed to identify some potential hazards affecting children's safety. They reviewed their risk assessments and have put measures in place to reduce these risks. The provider had also identified weaknesses in supervision of children during transition to the garden. They have reviewed a number of policies and procedures to ensure they are clear and effective. The provider has trained all staff to fully understand and implement their revised policies and procedures to ensure that children are effectively supervised at all times. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
