

Complaint about childcare provision

Ref: 226216/4734624

Date: 25 March 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

Whilst routine and assurance inspections of early years and childcare provision remain suspended, we are continuing with EY regulatory work. We have completed additional regulatory work looking at the information that we hold about this provider. The focus was to check the provider was meeting requirements following a concern since their last inspection.

On 19 March 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 7 April 2021

ensure a robust emergency evacuation procedure is in place

ensure risks are identified and action taken to ensure children are safe

ensure staffing arrangements meet the needs of all children- specifically when younger and older children are playing together.

We will monitor the provider's response to ensure the actions are successfully completed.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
