

## Compliance action taken for childcare provision

Ref: EY555370/4734647

Date: 16 March 2021

### Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

Whilst routine and assurance inspections of early years and childcare provision remain suspended, we are continuing with EY regulatory work. We have completed additional regulatory work looking at the information that we hold about this provider. The focus was to check the provider was meeting requirements following a concern since their registration.

On 12 March 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 29 March 2021

maintain an accurate daily record of children's attendance to include accurate times of arrival and departure

develop further your knowledge and understanding of effective risk assessment which enable you to identify potential hazards in the environment

take swift action to remove or minimise the risks to the environment to ensure the ongoing safety of children attending.

Action taken:

The provider has taken steps to ensure the environment is safe for children to attend. She is now consistently maintaining her records of children's attendance. The provider is still registered with Ofsted.

## **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
