

Complaint about childcare provision

Ref: EY542726/4722205

Date: 21 April 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2 . If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 February 2021 and 17 February 2021, we received concerns that the provider was not meeting some of these requirements.

On 17 February 2021, we carried out a telephone regulatory event, and we also reviewed information the provider sent to us. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had taken steps to ensure that staff followed the setting policies and procedures in relation to COVID arrangements. The provider also improved the arrangements for the deployment of staff, specifically during the morning routines. Additionally, the provider held meetings with staff and the management team to review how policies and procedures were implemented at the setting. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
