

## **Complaint about childcare provision**

Ref: EY496015/4711733

Date: 5 May 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 February 2021, we received concerns that the provider was not meeting some of these requirements. On 10 and 19 February 2021, the provider notified us that further requirements were not met. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider.

On 16 and 24 February 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider had put appropriate arrangements in place so that all staff receive training to support children's behaviour. The provider also improved their knowledge and understanding of requirements relating to managing behaviour, and now fully understands their responsibilities. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

### **Publication of complaints**

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
