

Complaint about childcare provision

Ref: 2515574/4770210

Date: 29 April 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 April 2021, we received concerns that the provider was not meeting some of these requirements.

On 23 April 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 26 April 2021:

- ensure children are not exposed to risks, particularly in the garden.

On 10 May 2021 the provider responded to the action. We found the provider removed the risks to children in the garden and now fully understands their responsibilities.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
