

Complaint about childcare provision

Ref: 2496657/4774789

Date: 21 May 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 07 May 2021, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 19 May 2021, we carried out an unannounced regulatory visit. We found that the provider was not meeting some of the requirements and had taken action to put this right.

We found that the provider had installed new safety measures, reviewed risk assessments for the outdoor area and staff had accessed specific risk assessment training. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
