

Compliance action taken for childcare provision

Ref: EY465918/4801038

Date: 4 June 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 May 2021, the provider notified us that a child had sustained an injury while in their care. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of any serious accident, illness or injury to, or death of, any child while in their care. On the 1 June 2021 and 3 June 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of these requirements and had taken action to put this right. The provider has reviewed the risk assessment to ensure that all reasonable steps are taken to prevent children from being exposed to risks that may compromise their safety. In addition, all staff are to complete refresher health and safety training to support their role and responsibilities for health, safety and welfare in the workplace. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
