

## **Compliance action taken for childcare provision**

Ref: EY384331/4766878

Date: 11 June 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On the 11 May 2021 we were notified by the provider about a previous significant event. On 3 June 2021, we carried out a regulatory telephone call. We found that the provider had failed to notify Ofsted of a significant event within agreed timescales which is a requirement of their registration.

We are now satisfied that the provider is confident about the matters she must notify Ofsted of in the future.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
