

Complaint about childcare provision

Ref: 205172/4724509

Date: 15 March 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 February 2021, we received concerns that the provider was not meeting some of these requirements.

On 3 March 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued action for the provider to take. This is a legal notice that requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 31 March 2021:

- improve partnerships with parents by ensuring the criteria for admitting children is shared and consistently applied.

We will monitor the provider's response to ensure the action is successfully completed.

On 11 June 2021 we received a satisfactory response to the action. The provider is still registered with Ofsted.
